PREFACE

Mt. Airy, North Carolina

"THE GRANITE CITY"

Mount Airy, the Northern Gateway to the beautiful Blue Ridge Mountains, is located thirteen miles from the Blue Ridge Parkway. This national park attracts more tourists than any other one attraction maintained by the Department of the Interior. This motorway designed for tourists gives beautiful and impressive views of the grandeur and ruggedness of the best known mountain range in the Eastern section of the United States.

Special attractions to be found along the Parkway near Mount Airy include Mabrey's Mill, Doughton Park, Moses H. Cone Memorial Park, and Cumberland Knob.

The Parkway can be reached from Mount Airy by U. S. Highway 52 and N. C. Highway 89.

Other scenic attractions within easy driving distance of Mount Airy include Pilot Mountain (12 miles), Hanging Rock State Park (38 miles), and Fairy Stone State Park (50 miles).

CLIMATE

The protection offered by mountains to the north and west give Mount Airy an unusually temperate climate for this section of the country. About 47 inches of rainfall is distributed throughout the year and snowfall is unusually light, thereby it does not interfere with business.

INDUSTRIES

The best known industry is the one that gives the city its name. The world's largest open face granite quarry is located in Mount Airy. This granite has been used in the construction of many structures of national prominence including the Arlington Memorial Park in Washington, D. C.; the Wright Brothers Memorial at Kitty Hawk, N. C.; and the Gold Bullion Depository in Fort Knox, Kentucky.

Mount Airy has excellent diversification of industry with 50 manufacturing firms employing over 7,500 people. The list includes furniture plants, hosiery manufacturers, garment factories, electric appliances, mirrors, paper boxes, and concrete products. The majority of these enterprises are "home-owned", and growth within these plants added 1400 new industrial jobs within the past three years.

AGRICULTURE

Diversification is also evident in the agriculture of the area. Tobacco, the leading money crop, is sold at auctions in Mount Airy, and tours may be arranged from September through November by contacting the Chamber of Commerce office. Dairy farms, cattle raising, poultry raising, small grain and truck farming added greatly to the agricultural economy of Mount Airy.

FINANCE

Mount Airy has four financial houses: First National Bank (organized in 1893), The Northwestern Bank (organized in 1910), Workmen's Federal Savings and Loan Association (organized in 1910), and United Savings and Loan Association (organized in 1956). Their combined resources are in excess of $200,000,000.

TRANSPORTATION

Excellent transportation facilities are available to Mount Airy. U. S. Highways 52, 601, and several state highways are leading to the advancement of our community. The industries and business establishments of this city are served daily by ten motor freight carriers. Rail service is provided by Southern Railway. Mount Airy has an airport adequate for private and executive type planes, which offers charter service to all sections of the country. The Smith Reynolds Airport with regular scheduled flights to all sections of the country is only a fifty minute drive. The Atlantic Greyhound Bus Corporation operates 16 buses daily through this city.

Mount Airy has two newspapers and two radio stations. The Mount Airy News is published twice weekly, and the Mount Airy Times is published weekly. Radio Station WPAQ has a voice of 10,000 watts and Radio Station WSYD transmits 5,000 watts. Television programs emanate from station at Winston-Salem, Greensboro, High Point, Charlotte in North Carolina and Roanoke and Lynchburg in Virginia. The University of North Carolina-owned TV Station, WUNC at Chapel Hill, gives excellent educational programming to our area.

HEALTH FACILITIES

The Northern Hospital of Surry County, a $1,800,000 structure offers the finest in hospital facilities. Every modern convenience, as well as the most up-to-date technical equipment, is housed in this new structure as an aid to our excellent medical staff. This 100-bed hospital includes a training school for nurses with a total enrollment of sixty students. Our community is fortunate to have fourteen physicians and two surgeons, accredited by the American Medical Association and the American Society of Surgeons. Other health services include

nine dentists, four optometrists, two chiropractors, and a complete children's center with a registered therapist. The Surry County Health Department is located here and has a staff of one full-time physician, four nurses, an x-ray technician, and two inspectors.

SCHOOLS

The education of our children is adequately supplied by two high schools, one junior high, and five elementary schools, each fully accredited. The Mount Airy High School, considered one of the strongest in the state, is accredited by the Southern Association of Colleges and Secondary Schools. The quality of teaching provided is evidenced by the fact that 79% of the graduates attend an institution of higher learning or a vocational school. In addition, the Mount Airy School of Beauty Culture adds to the vocational education facilities of the area. There are over 25 colleges and universities within a 65-mile radius of Mount Airy which add to the cultural and educational growth.

ACCOMMODATIONS

Mount Airy is fortunate in having six motels and one hotel with a total room count of 150. Several dining rooms furnish the public with delectable cuisine.

CIVIC AND FRATERNAL ORGANIZATIONS

Our civic and fraternal organizations lend their energies to the growth of Mount Airy. Each strives for the betterment of the individual within the club, as well as for the betterment of the community. Included are: American Legion and Auxiliary, Beta Sigma Phi, Chamber of Commerce, Home Demonstration clubs, Junior Chamber of Commerce, Junior Woman's Club, Kiwanis Club, La Sertoma Club, Lions, Loyal Order of Elks, Loyal Order of Moose, Masonic Order (2 lodges), Order of Eastern Star, Merchants Association, Rotary, Ruritan, Sertoma, Shrine, The Garden Club Council with several neighborhood clubs, Veterans of Foreign Wars and Auxiliary, Woman's Club, York Rite Bodies, and several book and art clubs. Each bids you welcome when you visit this city.

All Your Cost-of-Living Items are Up . . .

BUT ONE!

In the past 20 years alone, most cost-of-living items have just about doubled in price . . .

Except for electricity, which has actually come down!

Fact! — Since 1943, the average cost of a kilowatt hour to Duke Power residential customers has dropped more than one-third. In that same period, the use of electricity has increased over 4 times, while the standard of living has gone up correspondingly.

It's truer today than ever — you live better, for less, electrically.

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and directory of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
